ALLIANCE FOR THE WORLD

Exceptional times require to DO MORE NOW: We have established a Corporate Alliance with UNICEF and are contributing **2% of our budgeted profits to help children in most vulnerable countries** in the fight against COVID-19 and its consequences. Our donation will support three dedicated projects in Syria, Senegal and the global Humanitarian Action for Children.

© UNICEF/UNI332856/KEITA

PROJECT 1 FIGHT AGAINST COVID-19 IN SYRIA

UNICEF is working to reach Syrian children and their families with prevention messaging around COVID-19, and to provide clean water and distribute hundreds of thousands of bars of soap to help reduce the risk of COVID-19. With this support, UNICEF has also reached Syrian refugees living in informal settlements through a door-to-door hand washing awareness campaign.

© UNICEF/UNI325080/ALBAM

©UNICEF/UN0256667/TREMEAU

PROJECT 2 FIGHT AGAINST COVID-19 IN SENEGAL

The aim of the UNICEF project is to contribute to ensure access to basic water, sanitation, hygiene and health services in Senegal. Several actions will be carried such as: granting the supply and distribution of vital supplies such as face masks or water containers, improve hygiene habits by educative actions in schools or protecting children against diseases such as pneumonia or malaria.

PROJECT 3 HUMANITARIAN ACTION FOR CHILDREN

UNICEF is working with health experts and front-line workers in more than 190 countries to bring trustworthy guidance to parents, caregivers and educators to keep children safe and healthy during the COVID-19 pandemic.

MAKE RUNNING SUSTAINABLE

SUSTAINABILITY IS NOT A ONE-TIME PROJECT.

Therefore, we never stop looking for solutions to reduce the environmental footprint of our products without compromising wearing comfort or technical features. The latest addition to our wide range of sustainable products is the **updated DryFlx® Collection**.

INFORMATION

IMPROVED
DIE-CUTS

OUR GOALS

1. Be visible.

Product and Brand highlighted with unique, clean design to stand out at the POS.

2. Be on point.

Improved product names, USPs and recommended use (weather conditions & activity level) to support customers finding the best product for their needs.

3. Be sustainable.

By removing the plastic hook and increasing the percentage of recycled material, we've reduced the packaging's environmental footprint.

4. Be reliable.

Durable cardboard hook (almost the same breakage point as the previous packaging) and updated die-cut details to prevent product from falling off the packaging.

COLOUR BLOCK AND CLEARLY HIERARCHIZED INFORMATION TO GUIDE THE CONSUMER THROUGH AN **EFFICIENT PURCHASING PROCESS**.

Communication Campaigns

Communication campaigns are a set of commercial strategies designed to advertise products with the goal of improving sales and meeting any predetermined objectives. Each campaign has its own identity, featuring different characteristics that make it different from the rest. Each campaign allows us to tell our own story in a different way and target the right consumer. In these ways, we can determine the best channel of communication to use, and what point-of-sale materials for each product are needed. Not all communication stories need to be spread through all the channels, it depends on the goal, relevance or importance for the brand.

For AW2122 season, the communication stories we are presenting and the channels we are using are the following:

Campaign Structure			
	Campaigns	Segments	Channels
BRAND	LIVE MORE NOW		Trade Shows Public Relations Social Media End-Consumer Media Point of Sale
	SUSTAINABILITY		Trade Shows Public Relations Social Media End-Consumer Media Point of Sale Sponsorship / Influencers
	CITY RUNNING		Trade Shows Public Relations Social Media End-Consumer Media Point of Sale Sponsorship / Influencers
	Campaigns	Segments	Channels
PRODUCT	ORIGINAL ECOSTRETCH	CASUAL / TRAIL RUNNING / TREKKING	Trade Shows Public Relations Trade Media Social Media End-Consumer Media Point of Sale Sponsorship / Influencers
	DRYFLX® + CROSSKNIT	CITY RUNNING	Trade Shows Public Relations Trade Media Social Media End-Consumer Media Point of Sale Sponsorship / Influencers
	THERMONET® (continue campaign + content styles)	SKI / SNOW	Trade Shows Public Relations Trade Media Social Media End-Consumer Media Point of Sale Sponsorship / Influencers
	MERINO WOOL FLEECE (continue campaign + content styles)	LOW - TREKKING	Trade Shows Public Relations Trade Media Social Media End-Consumer Media Point of Sale Sponsorship / Influencers

Different product stories are covered by certain Key Styles, please consider them as the main guideline when planning your assortment, make them a must have in your orders and use the available marketing materials to effectively boost them.

HOW TRADE MARKETING IS INVOLVED IN THE PURCHASE PROCESS

KEY ELEMENT FOR MERCHANDISING

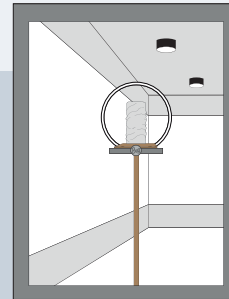

ATTRACT POTENTIAL CUSTOMERS

Catch the attention from people on the streets:
BUFF® Window Designs

WINDOW
(Window light display, 3D Head, Cap Display, etc.)

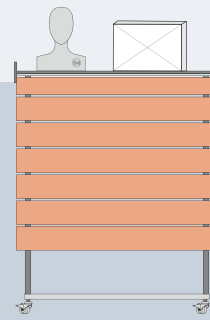

DISCOVER OUR BRAND PRODUCTS

Help the customer to identify where to find our products inside a shop:
BUFF® Brand Space

FIXTURES & PLACEMENT
(Wall, Floor, Gondola and Counter Display + Accessories)

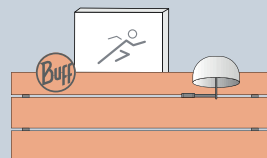

SEDUCE

Highlight our products with appealing presentation:
BUFF® Accessories

SIGN
(Header, Prominent and Product Display + accessories)

PERSUADE

An unforgettable shopping experience is created through the emotions:
BUFF® Brand Items

MERCHANDISING
(gift box, recycled bag, etc)

SELLING PRODUCT

Once the sale is made, and we've allowed the customer to go on this shopping journey, we haven't just made a sale, we've increased **brand affinity** with the consumer.

Signage Program

We have created a specific signage program with the aim of highlighting certain products and product features.

There are three different levels of signage:

- **HEADER SIGNAGE:** Created to highlight a specific Brand segment
- **PROMINENT SIGNAGE:** Created to highlight a specific range of products
- **PRODUCT SIGNAGE:** Created to display the most important features of a specific product

Aligned with our eco-friendly philosophy, we have chosen to produce all Prominent and Product Signage images using recycled cardboard. For Header Signages we are using honeycomb cardboard.

PRODUCT SIGNAGE HOOK

- Measures: 18,4 x 12,4 cms
- Metal Hook support for signage and for hanging BUFF® products
- Value: 22,90€
- Reference: **530213**

PRODUCT SIGNAGE

- Display of 18,4 x 11,8 x 0,4 cms
- **Recycled Cardboard printed**, it works with Product Signage Hook
- The hook support it is not included

Behind the signage there is one hook to hang BUFF® products.

BUFF® Ambassadors

Tina Weirather

Former Professional Alpine skier. 2nd place at FIS World Ski Championships 2017 (Super G) 7 victories at FIS World Cup, 31 podiums at FIS World Cup.

"There's always time for a final lift"

Riccardo Götz

Kye Petersen

Renowned international freerider. First position at 2016 Redbull Coldrush.

"When I look at a slope, I just try to have as much fun as I can"

Victor de le Rue

Winner FWT 2019. Two-time French Snowboarder of the Year.

"There is no victory without will".

Spanish National Skimo Team (FEDME)

Is one of the best teams on the World Cup Series. With well-known athletes like: Kilian Jornet, Laura Orguè, Claudia Galicia or Marc Pinsach.

Laurens Ten Dam

Former professional road cyclist. 9th position 'Tour de France' 2014. 8th position Vuelta España 2012. 5th position Tour Down Under 2011.

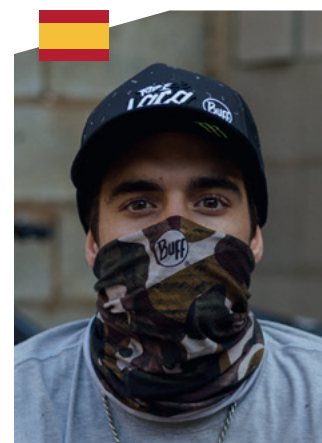

"Live slow, ride fast"

Pau Capell

Winner UTMB® 2019. Winner UTWT 2019. Ultra Trail World Tour winner 2018, second in 2017 and third in 2016. 3 times in a row, winner of Transgrancaria, with WR included. 3rd place CCC 2018.

"Fight for what you want and love what you have."

Adolf Silva

Freestyle MTB rider. People's Choice Award at RedBull Rampage 2018.

First athlete to land a triple backflip on a slostyle bike.

" Ride Loco"

Jolanda Neff

Current XCO European Champion. XCO World Champion 2017. Three times XCO WORLD CUP champion XCO, Road and CX Swiss Champion 2018.

"You will struggle. You may fail. But you will also give yourself the opportunity to grow. All that matters is your mindset."

BUFF® Sponsored Events

BUFF® Mountain Festival Vall de Boi

The first real mountain festival in Southern Europe. Lots of activities for families and nature lovers in one of the most scenic areas in the Catalan Pyrenees, Vall de Boi. Sports workshops, trail running events (BUFF® Epic Trail), outdoor activities, conferences, live music and much more to create an authentic mountain experience.

BUFF® Epic Trail

Ultra Trail Du Mont Blanc

Main qualifier for the Ultra Trail World Tour and the most important trail-running event in Europe.

"Take it to the limit"

Cape Epic

The Absa Cape Epic takes place in the Western Cape in South Africa but the route changes every year. Attended by 1.200 professional and amateur riders.

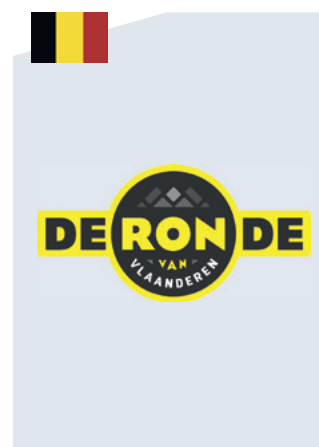

Photo by: Sam Clark/Cape Epic/SPORTZPICS

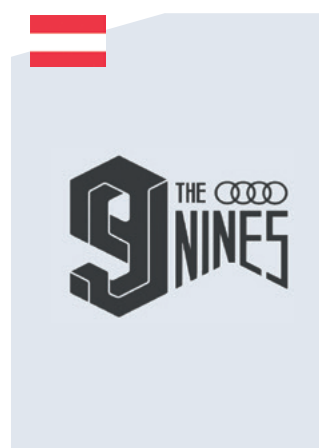

Lavaredo Ultra Trail

The LUT (The Sportiva Lavaredo Ultra Trail) is one of the most important trail running races in the world. More than 1,000 runners from all over the world attend an incredible race embracing the most amazing landscapes in the Dolomite Mountains: the Cristallo, the Tofane, Cinque Torri and of course the Tre Cime 119 km, 5.850 m+.

Tour of Flanders

The Tour of Flanders is the biggest one day cycling event in the world. Every year around 1 million fans cheer on both men's and women's race on iconic hills like Paterberg and Oude Kwaremont, on the way to the finish in Oudenaarde. For over more than 100 years winners of this cobbled classic, Flandriens, have become true cycling legends.

Audi Nines

One of the most iconic and creative event, held in Austria. Only the most talented and wellknown athletes can participate through an invitation.

Banff Film Festival

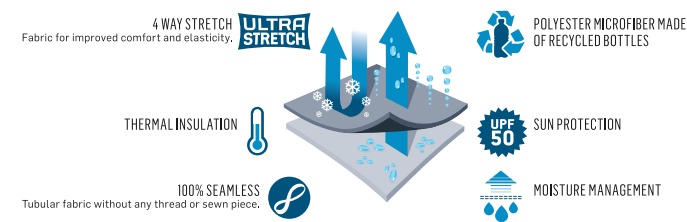

Nine profound days filled with stories of remote journeys, ground-breaking expeditions, and cutting edge adventures told through the eyes of adventurers, authors, photographers, and filmmakers from around the globe.

Technical Features

FABRICS

RECYCLED MICROFIBER

DRYFLX®

Our performance, seamless, extremely breathable and stretchable fabric, now made from 72% recycled plastic bottles and car airbags.

DRYFLX®PRO

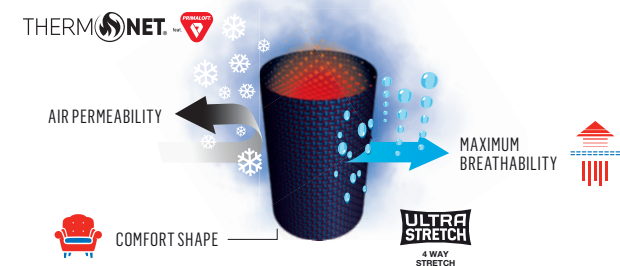

100% MERINO WOOL

Natural and sustainable fabrics made with fine and soft non-itchy wool. They are breathable, draw sweat away from the skin and have excellent thermo regulation properties.

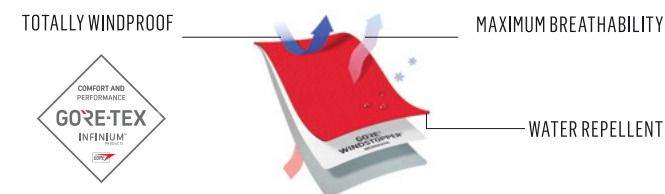

THERMONET®

In-house developed fabric made of 58% Recycled Polyester, 38% Primaloft technical Polyester and 4% Elastane. The result is an extremely thin and lightweight fabric that retains body heat while wicking moisture away.

GORE-TEX®

Technical Fleece providing warmth and comfort by combining total windproofness and maximum breathability.

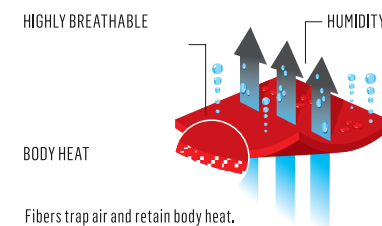

CARVICO®

A brushed techno-fabric that perform excellent breathability and particularly pleasant on the skin. The Brushing treatment it undergoes increases its thermal insulation power, creating a sort of protective cushion.

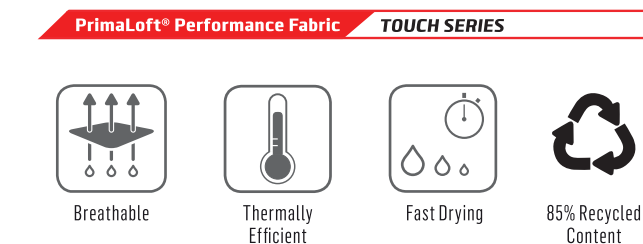

POLAR FLEECE

Soft and light synthetic fabric with excellent warmth properties. Provides comfort and excellent thermal insulation with less weight than the lightest available wool.

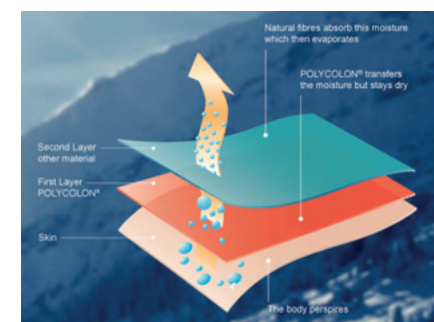

PRIMALOFT® TOUCH SERIES

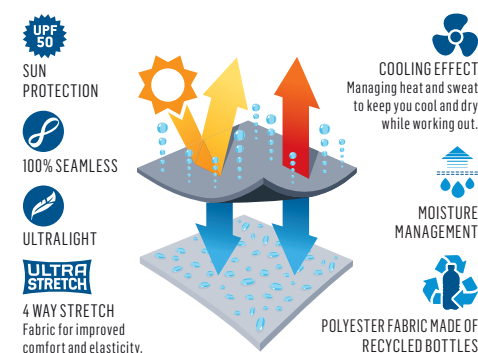

POLYCOLON®

For active wear
Refined, polypropylene-based, worsted-spun long-staple yarn from Schoeller. It is lightweight, breathable, sweat-repellent and easy to care for, which makes it an ideal technology for demanding sports. POLYCOLON® awicks moisture away from the skin and transports it to the second layer above. This second layer can absorb or channel off the moisture, or allow it to evaporate. In all three cases, the material feels comfortably dry on the skin, even when the wearer is sweating.

COOLNET® UV+

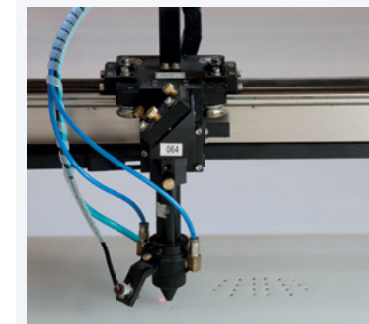

PRODUCT FEATURES

BUFF® sports headwear collection offers high performance accessories for those who are challenging themselves when practicing their favorite sports.

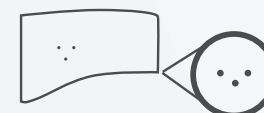

Products like the Windproof Balaclava or the Windproof Hat have been improved and developed with the latest in-house production technologies that can be applied to a headwear accessory to achieve optimal fit, improved breathability and prevention against skin irritation by eliminating seams.

Laser cut

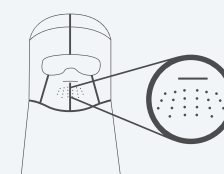

Laser cutting is a contact-less and tool-free process for fabric cutting. There is no contact and consequently no warping of textiles and fabrics during laser cutting. The laser beam melts the material and the results are clean, perfectly sealed edges.

IMPROVE LISTENING Ear Perforations

IMPROVE BREATHABILITY Mouth Perforations

ACHIEVE OPTIMAL FIT Pattern Cut

Bonding

Bonding is the process of joining pieces of fabrics using heat and pressure.

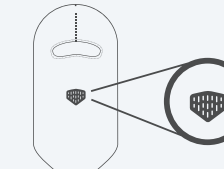

PREVENTS SKIN IRRITATION BY ELIMINATING SEAMS Hem Finish

PREVENTS SKIN IRRITATION BY ELIMINATING SEAMS Joined Fabric

IMPROVES BREATHABILITY Mouth Port

Ultrasonic

Ultrasonic is an industrial technique whereby high-frequency ultrasonic acoustic vibrations are locally applied to fabrics being held together under pressure to create a solid-state weld.

PREVENTS SKIN IRRITATION BY ELIMINATING SEAMS Joined Fabric

PRODUCT FEATURES

100% SEAMLESS
Tubular fabric without any sewn sections, delivering maximum comfort.

360° REFLECTIVE ELEMENTS
Reflective print located all around the product that improves visibility in low light conditions. The product is not intended for use as a High Visibility Personal Protective Equipment.

4-WAY ULTRA STRETCH
Elastic fabric that moves in all directions for improved comfort and freedom of movement.

ADJUSTABLE FITTING
A behind-the-head elastic band provides the right fit for different head sizes.

ALL YEAR VERSATILITY
Suitable for an all year base layer use.

ARTICULATE FIT
Segments that respond to different body needs are joint together in a seamless smart construction.

BREATHABLE
Fabric structure that transfers sweat and vapor away from the body through the fabric, allows air to flow in.

BREATHING HOLES
Laser-cut holes to improve breathability.

COMFORT FIT FACE OPENING
Elastic face opening on balaclava that delivers a comfortable fit in different wearing positions.

HEIQ COOLING TECHNOLOGY
HeiQ Smart Temp is a fabric treatment that creates intelligent thermoregulating technology triggered by body heat to keep body temperature cool.

HELMET COMPATIBLE
Can be worn under a helmet.

LASER CUT HOLES IN EARS
Strategically placed laser cut holes placed in ears on windproof fabrics to improve listening.

LIGHTWEIGHT ACTIVE WARMTH
High thermal insulation in a lightweight breathable fabric, providing warmth without bulk for high intensity activities in very cold weather conditions.

MACHINE WASHABLE
Product that can be washed in a home washing machine without damage.

MADE FROM RECYCLED PLASTIC BOTTLES
Recycled bottles are collected, washed, and chopped into bottle flakes, bottle flakes are melted and formed into chips. The chips are melted and extruded into recycled fiber which become a new BUFF® product.

MERINO FLEECE
Innovative brushed Merino wool fabric that provides an extremely warm and soft natural fleece.

MOISTURE MANAGEMENT
Fabric structure that transfers sweat and vapor away from the body through the fabric. Provides comfort and helps keeping body temperature stable

MOISTURE WICKING SWEATBAND
Built-in inner band to wick sweat and moisture away.

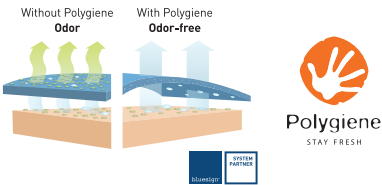

MULESING FREE MERINO
Merino wool is 100% natural and sustainable fabric. It is soft, teperature-regulating, anti-static, doesn't pill, and has natural odor control properties. Mulesing is a practice in which skin is removed from the rear of the Merino sheep. Respectful treatment of animals is of extreme importance for us and our suppliers. We have contracts that guarantee that the wool we source is mulesing free.

NATURALLY ODOR-RESISTANT
Fabric with fibers that naturally prevent the bacterial growth that can lead to smells.

PACKABLE
Product that can be folded or crushed when not in use yet recovers its original shape when released.

POLYCOLON® for active wear
POLYCOLON® is a refined, polypropylene-based, worsted-spun long-staple yarn from Schoeller. It is lightweight, breathable, sweat-repellent and easy to care for, which makes it an ideal technology for demanding sports.

POLYGIENE® (stay fresh)
Highly effective antimicrobial technology that uses natural silver salt in low concentration to inhibit the growth of microorganisms for odor control.

PONYTAIL PORT
Practical slot designed for ponytails to go through improving long haired users' comfort.

QUICK DRY
Fabric with high wicking properties, evaporates moisture faster.

REFLECTIVE ELEMENTS
Reflective elements that glow when illuminated. The product is not intended for use as High Visibility Personal Protective Equipment.

RESPONSIBLY SOURCED MERINO
The Merino wool we use in our products come from the finest Australian Merino sheep, raised, cared for and sheared in the most respectful way.

REVERSIBLE
Patterned on both sides in order to be worn either right side out or inside out.

SKIN CANCER FOUNDATION
The Skin Cancer Foundation recommends this fabric as an effective UV protectant only for covered areas.

SMART ZONE TECHNOLOGY
Seamlessly engineered construction with zone adjustments, delivering the best properties to each head and neck area.

SWEAT REPELLENT TECHNOLOGY
Technology that wicks sweat and moisture to the outside where it can be absorbed, can drip off or be evaporated by the clothing system.

THERMAL INSULATION
Thermal insulation will prevent significant heat flow from one side of the insulation to another, keeping the user warm in cold weather conditions.

ULTRALIGHT
Low weight product, designed to be extremely light to wear and carry.

UPF 50
Protection against the sun's ultraviolet (UV) radiation. Samples of fabric have been tested for UV protection in accordance with the Standard AS/NZ4399:2017 "Sun Protective Clothing Evaluation and Classification" with results achieving UPF >50 (98% UV protection). The Product is certified as CE, Personal Protective Equipment agains natural UV radiation. Protection may be lessened if fabric is stretched, wet or old. See USER INFORMATION attached to the product for complete information.

VAPRGRID™ LASER-CUT BREATHING HOLES
VaprGrid™ air transport increases breathability and eliminates goggle fog.

SIZE INFORMATION-NECKWEAR

• ADULT SIZE
Head diameter: 50-58 cm. Size fitting most of adults.
